

The International Housewares Association
presents

Affordable Innovation

A preview of well-known housewares brands
and innovative new products

Tuesday, October 14, 2014 | New York Hilton Midtown

Affordable Innovation

The housewares items on display at the Affordable Innovation media event are examples of new products that feature design and innovation, yet at an affordable price. The consumer demands value but is not willing to compromise on design. These products illustrate how housewares suppliers are meeting this demand. The product descriptions were provided by the exhibitors. Please contact the company for more product information and photos. The company's media contact is provided.

The descriptions, photos and demonstration videos will be posted in the Press section on www.housewares.org for the next year.

3-Piece Pie & Tote Set

Anchor Hocking adds an easy to carry tote to the newly introduced Pie Plate with Expandable Lid. The Deep Pie Plate features a wide flute edge that allows crust to look beautiful when serving. The 9.5" diameter and deep sides allow for generously sized pies. The expandable lid fits snugly on to the pie plate, keeping foods fresh, and expands for those who have mounds of meringue or cream. An easy to carry tote with a retro motif allows consumers to take pies to parties without fear of spilling. The tote will also accommodate a 2-qt casserole or large bowl.

Vintage Milk Bottle

Anchor Hocking adds a Milk Bottle assortment to its collection of vintage drinkware. Reminiscent of the old-fashioned style bottle left on door steps in the '50s, the 16-oz bottles come in three types: one features an embossed "anchor," the second sports a silicone lid to keep drinks from spilling and the third is a basic bottle. They are a great accent piece to the "Farm to table" look that is popular today. Perfect for individual servings of milk or any drink. Use as a vase for a small arrangement of flowers or fill it with candy as the perfect party favor!

Balance & Gala Stemware by Stolzle

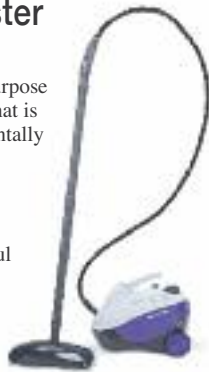

Stolzle Balance Series was designed to improve the functionality of the piece with a reduced stem length and a bowl proportion that keeps the distinctive wine performance of the glasses. The Balance series is fire-tempered for increased durability and includes a 10-oz White Wine and 15-oz Red Wine. Handsomely packed in a 2-Piece Set, Balance will be available December 1, 2014. Suggested retail prices range from \$9.99-\$12.99. The Gala offering includes a generously sized 16-oz White Wine and 22-oz Red Wine. Suggested retail price for the promotional four piece plus bonus two \$24.99-\$29.99. The 4-2 Bonus will be available December 1, 2014.

BONAVITA

Bonavita 1900TS 8-cup Coffee Brewer

Bonavita is committed to bringing the highest level of coffee brewing technology to their brewers, while keeping the experience simple and easy to understand. The new BV1900TS offers an optional pre-infusion mode that allows the coffee to degas before brewing begins, and addresses Bonavita's interest in helping consumers understand the importance of using fresh coffee, ground just before brewing. It also features a larger showerhead for even saturation of the coffee

and a new, flat-bottom filter basket, together creating the perfect environment for brewing a fine cup of coffee. The durable, stainless steel thermal carafe promotes leisurely enjoyment of your favorite brew.

Bonavita 1500TS 5-cup Coffee Brewer

This 5-cup brewer brings the powerful and precise engineering of the 8-cup BV1900TS to a smaller footprint and volume, making the BV1500TS perfect for smaller kitchens and those who want a great brew, just a little less volume. The brewer has the same pre-infusion feature as the BV1900TS, which allows freshly roasted and ground coffee to degas before brewing, along with a showerhead and filter basket optimized for smaller batches (3-5 cups). The powerful 1100-watt heater ensures the proper water temperature, critical in extracting the best flavors the coffee has to offer, and the stainless steel thermal carafe facilitates leisurely enjoyment.

Bonavita BV382510V 1.0 Liter Digital Variable Temperature Gooseneck Kettle

The Bonavita Digital Variable Temperature Gooseneck Kettle is known for the expert, elegant pour control its design produces. It's a kitchen staple for making coffee, tea and such kitchen tasks as filling a pot with boiling water for pasta. With the ability to set your own desired temperature (also comes with six

presets), this kettle is perfect for making just-right and not too hot "kid's cocoa." Whether it's your first cup of brew in the morning or an end-of-day winter chill eraser, its sleek and compact design dresses up the kitchen counter or the home bar beautifully for entertaining.

Bonavita BV4000IDV2 Wide-Base Immersion Dripper

Perfect for brewing a single cup, the Immersion Dripper allows for precise control of the water to coffee or tea contact time. For coffee, the result is much like a French Press, but with the added benefit of filtration to produce a "cleaner" cup. For tea, it's a resulting liquor that is as clean and evenly steeped as the finest teapot can produce. Its porcelain construction is great for durability and heat retention during brewing and steeping, and the on/off lever keeps your brew ensconced until you are ready to enjoy. The lid retains heat during brewing and can be used as a coaster after completion.

LUIGI BORMIOLI CORP.

Supremo

Our Supremo stemware collection is Luigi Bormioli's luxury line designed with an elegant bowl shape, uniquely crafted to emphasize and develop the wine's aroma and flavor to enhance the wine's characteristics to their fullest. The synergy of each element comes together to form a masterpiece as the chimney, conical shape, convex surface and epicure all work in concert to bring the ultimate level of enjoyment to the wine experience. This six-piece collection consists of: 22-oz.

Burgundy, 18.5-oz. Bordeaux, 15.25-oz. Chianti/Pinot Grigio, 11.75-oz. Chardonnay, 8-oz. Champagne and 15.25-oz. Pinot Nero Stemless.

CASABELLA HOLDINGS LLC

Guac Lock

Guac-Lock is the first container on the market with a design that ensures an air-tight seal and prevents oxidation to store fresh guacamole without it turning brown. The sleek design's push-up mechanism to keep the guacamole near the top not only prevents browning but also has the added benefit of making the container always appear full when serving. An additional accessory tray transforms the Guac-Lock into a chip and dip serving piece. This versatile storage container is perfect for a variety of dips, ensuring a full, fresh bowl at every use.

Juice in the Box

Juice in the Box is the ultimate travel drink box. It's spill-proof, fits into most lunch boxes and is made of the highest, safest and most durable material - and can be reused 1,000 times over. Now mom can send low-sugar, healthy drinks to school and kids will love drinking out of the fun box. Plus, we save on the hundreds of billions of juiceboxes discarded to landfills each year. Better for you and better for the environment. Juice in the Box comes in five fun-filled colors - green, orange, pink, red and blue.

PURE Glass Bottle

Glass is one of the purest products to drink from - it's 100% BPA and phthalate free. However, if it breaks it's messy and unsafe - UNTIL NOW. The PURE SAFE-SHELL reusable water bottle has a revolutionary coating that enhances the durability of the bottle, and, if broken, keeps the liquid and shards of glass contained within the coating. The color-coordinated top covers the drinking spout so it stays clean and the easy to use carry handle locks the top in place to insure a no-leak cap when the bottle is at any angle. Available in two sizes - 20-oz. and 12-oz.

PREPARA

EVAK Glass Storage Container

Air takes out the freshness, so EVAK takes out the air. The longer your food is exposed to air, the faster it loses flavor. Glass containers with air-tight lids trap stale air in with your food. Evacuate the air and keep your food fresher, longer. Our twin-valve system automatically forces the air out as you push down the lid, and lets you easily pull up and remove the lid. It's so simple, just push down, then pull up; no buttons or levers. Perfect for coffee, tea, dried fruits, granola or herbs. Small holds ½-lb of coffee, large holds 1-lb.

The Crisp™ Complete Citrus Tool effortlessly performs four different functions, allowing you to add the perfect finishing touch to your recipe or cocktail with lemons, limes, oranges and more using one tool. The tool comes complete with a zester, scoring blade, garnish knife and fine zester blade that rotates out and stores safely in the handle. The contoured, soft grip handle design allows for a tight and comfortable grasp. Like all Crisp™ tools, the Complete Citrus Tool is dishwasher safe and can be purchased at CrispCooking.com.

Crisp™ Complete Avocado Tool

Avocados can be the most difficult to prepare, whether struggling to pit or slice evenly. The Crisp™ Complete Avocado Tool is designed for easy cutting and uniform slices. The high quality, stainless steel cutting wires and scoop move through an avocado like butter. Stored safely in the soft-touch easy-to-use handle, a wavy knife for pitting rotates out when needed. Like all Crisp™ tools, the Complete Avocado Tool is dishwasher safe and can be purchased at CrispCooking.com.

Crisp™ Wavy Knife

Ideal for decorative cutting, the Crisp™ Wavy Knife works wonders on carrots, cucumbers and potatoes for creative and personalized prep turning an ordinary platter of fruits or vegetables into an extraordinary showcase of elegance and food design fit for a formal affair. The contoured, soft-touch handle ensures a steady grip and the offset blade allows plenty of cutting room. The knife's wavy edge is designed with sharp, high-quality stainless steel and comes with a safety cover for storage. Like all Crisp™ tools, the Wavy Knife is dishwasher safe and can be purchased at CrispCooking.com.

TIGER CORPORATION

Tiger tacook Rice Cookers

Tiger's exclusive tacook line of Rice Cookers features a "synchro-cooking" function to cook rice and side dishes at the same time while keeping the integrity of the rice flavor. This is accomplished by using the included cooking plate on top of the inner pot. Tiger Corporation's JKT-S and JAX-T cookers are both tacook Rice Cookers and will complement any kitchen with their black and stainless exterior. 5.5-cup and 10-cup models available. MSRP starts at \$270.

Tiger PDU-A Electric Water Heater Series

The sleek stainless and black Electric Water Heater PDU-A from Tiger Corporation is an easy way to keep water hot for tea and other beverages or for using in your favorite recipes. Now hot water is available with the soft touch of a lever at exactly the temperature that you set. Four pre-programmed temperature settings assure your favorite drink will be ready when you are. Additional features are an energy saving setting, safety shut-off and spill/leak protection. Three sizes are available: 3.0L/4.0L/5.0L. MSRP starts at \$200.

Tiger JAJ-A55U 3-Cup Rice Cooker

The JAJ-A55U 3-Cup Rice Cooker from Tiger Corporation has a modern square design and is available in pink or white. VE Hybrid Water Boiler & Warmer - CV-DCC40/50

Different types of tea require specific temperatures to bring out their distinct flavors. The VE Hybrid Water Boiler & Warmer allows users to choose from 4 different temperatures, and the water stays hot as

long as the unit is plugged in. VE stands for Vacuum-Electric hybrid. Its stainless steel, double-insulation wall, including a layer of vacuum insulation, keeps water hot with very little electricity.

Food Jars & Stainless Mugs

Zojirushi has added a new food jar and new stainless mugs to their expansive line of vacuum insulated products. The Food Jar has a larger capacity (18.5-oz) and new design, and comes in stainless and metallic red. The new mugs are available in an array of stylish new colors, and keep beverages hot or cold for extended periods of time.
